

**DEAN AND MECHANICAL ENGINEERING DISCIPLINE COUNCIL
POZNAN UNIVERSITY OF TECHNOLOGY**

announce
the public defense of the doctoral dissertation
in the field of engineering and technical sciences in the discipline of mechanical engineering
authored by

François Berkman M.A.

on the topic: „**Surface Topography and Multi-scale Complexity:
A Study from Materials to Works of Art**”

Supervisor: **prof. Michał Wieczorowski**
Poznan University of Technology, Poland

Supervisor: **prof. Maxence Bigerelle**
Université Polytechnique Hauts-de-France, France

Reviewers: **prof. Bengt-Göran Rosén,**
Halmstad University, Sweden

prof. Julie Marteau,
University of Technology of Compiègne, France

prof. Paweł Pawlus,
Rzeszów University of Technology, Poland

The doctoral defense will take place on **December 2nd, 2025 at 10:00, Lecture room Thierry Tison,**
Université Polytechnique Hauts-De-France, Campus du Mont Houy, Cisit building, 59313
Valenciennes, France

and ONLINE at the link:
<https://cnrs.zoom.us/j/94054522143?pwd=1SXMjsgbvfrSTactBje1DypJ3Evl6p.1>

Meeting ID : 940 5452 2143
Passcode : W4nZ80

The doctoral dissertation and the reviewers' reports are available at the Reading Room of the Poznan University of Technology Library 2 Piotrowo St. The reviews are also available on the website of the Faculty of Mechanical Engineering: <https://wim.put.poznan.pl/przewody-doktorskie>

Dziekan
Wydziału Inżynierii Mechanicznej

dr hab. inż. Bartosz Gapiński, prof. PP
